Students

Empower students to safely navigate their online lives and to limit their exposure to poor choices by learning proven best practices. These videos can be assigned as homework, played in class or used as a vital resource for students who may be suffering in silence as a result of cyber-bullying or sextortion.

Parents

For parents and guardians raising children of all ages. Focused on breaking down the technological walls that today's children live behind. This series outlines best practices and proactive measures families can take to keep children on the right path and protect their digital footprint. Videos in English and Spanish.

School Faculty

Instructs Faculty how to respond when a child discloses Sexual Abuse, Sextortion and Cyber-Bullying incidents. This series educates faculty on the "do's and don'ts" when it comes to dealing with students on social media and how to address complex situations when they arise. These topics will cover mandated reporting, the cyber tip line and guidelines for the personal social networks of faculty and staff.
